Problem: Fan on your furnace runs all the time and will not shut off.

Download File PDF Ruud Furnace Manual

Solution:. 1. Check to make sure the fan is not in the fan "ON" position on your thermostat. 2. If your furnace goes off on high limit or if one of the rollout switches are open then the furnace fan will run all the time because the furnace control board is telling the furnace that the furnace has over-heated and the fan ...
